Revised proposals for the redevelopment
of Victoria Quarter, New Barnet

Fairview[®]
NEW HOMES Ltd.

One Housing

The Victoria Quarter site (site boundary outlined in red)

Welcome to our second public consultation, which is a further opportunity to learn more about our revised proposals for the redevelopment of Victoria Quarter, New Barnet.

In late March/early April 2021, we hosted a first consultation on our emerging revised proposals to gain further feedback to help inform our new scheme. This scheme includes a reduction in the amount of development proposed, whilst keeping the scheme viable and deliverable.

We are now seeking your thoughts and input on our detailed proposals. Please take some time to consider the information on display within this material.

We then encourage you to provide us with your feedback via our feedback form, which can either be completed online or requested in hard copy with a Freepost envelope to be posted back to us.
